5 Day Bricklaying Course - £640 inc VAT (In-house certified qualification)

Our 5 day bricklaying course can be tailored to suit your individual needs whether you are a complete novice or you have had experience of bricklaying and just want to improve your skills. It's also a very good starting point for people beginning their career in construction trades.

Our courses can be divided up into blocks of days to suit your availability or you can complete the course in five consecutive days.

Our typical curriculum is as follows:

- ✓ **Health & Safety briefing**
- ✓ **Introduction to the tools of the trade**
- ✓ **Introduction to different brick bonds**
- ✓ **Setting up the work area – positioning mortarboard and brick pile**
- ✓ **Setting up lines and using gauge rod**
- ✓ **Cutting bricks and blocks to size**
- ✓ **How to mix mortar to the right consistency for bricklaying**
- ✓ **Technique and practise on rolling your mortar and collecting on trowel**
- ✓ **Correct mortaring of bricks – holding, buttering**
- ✓ **Building a single brick wall**
- ✓ **Laying a soldier course**
- ✓ **Pointing techniques and joint finishes**
- ✓ **Building corners (Quoins)**
- ✓ **Brick and block laying for cavity walls including damp proof**
- ✓ **Building a 9" garden wall with brick on edge coping**

There will be continuous assessments, tutor feedback, course validation and evidence to enhance your learning experience which in turn will give you the best possible outcome of the course. This will give you solid foundations to begin your career in the building trade.
We are confident our courses will enhance your learning abilities and employability prospects.

Hot and cold drinks are provided during breaks times. All tools and materials will be supplied for you. Please wear suitable clothing and please be advised, for your safety, you are required to supply your own safety footwear. We are flexible to suit all individual requirements. If a break in your training period occurs, we can recommence within an agreed time frame.

All courses are designed on individual needs and will be discussed during the induction.
