NOCN Level 1 Certificate in Carpentry and Joinery (evenings only) - £960.00 inc VAT 12 week course (National recognised NOCN Certificate)

All courses are Thursday Evenings 18.00 – 21.00

✓ **Study Skills and Learning Techniques** - Develop essential skills to support your learning, build confidence and achieve your qualification.
✓ **Time management and organisation** - Learn how to plan, prioritise and manage your time effectively when completing practical tasks
✓ **Introduction to Carpentry and Joinery** - Develop fundamental woodworking skills, practical technics and an understanding of carpentry and joinery tools.
✓ **Safe use of Hand Tools** – Learn how to identify, select, prepare and safely use a range of Carpentry and Joinery hand tools.
✓ **Woodworking Joints and Frame Construction** – Develop the skills to create basic woodworking joints and construct timber frames accurately to given specifications.
✓ **Safe Working Practices** – Understand how to select and correctly use holding devices to secure materials safely during practical activities.
✓ **Understanding Technical Drawings** – Learn how to interpret basic line drawings and use them to accurately mark out materials for woodworking projects.
✓ **Producing Full-Size Working Drawings** – Develop the ability to create accurate, full-size drawings to support the planning and construction of practical projects.
✓ **Measuring and Marking Out** – Gain confidence in using tape measures, rulers and marking tools to measure and prepare materials accurately.

Before each practical activity, the tutor will provide a full demonstration of the relevant unit. The course is delivered to a high standard, with guidance and support available throughout the 12-week programme. Please note that sessions take place on Thursday evenings only.

Your progress will be monitored through continuous assessment, tutor feedback, course validation and supporting evidence. This structured approach is designed to strengthen your learning, help you achieve the best possible outcome and provide a solid foundation for a career in the construction industry. The knowledge and practical skills gained may also support your future employability.

The course fee is £960.00, including VAT. Hot and cold drinks are provided during breaks.

All tools and materials will be supplied for you. Please wear suitable clothing and please be advised, for your safety, you are required to supply your own safety footwear. We are flexible to suit all individual requirements. If a break in your training period occurs, we can recommence within an agreed time frame.
