NOCN Level 1 Award in Bricklaying

Two-week course: £1200.00 including VAT (Summer and Easter holidays only)

Gain a nationally recognised NOCN Level 1 Award while developing the practical skills and knowledge needed to begin a career in the building trade.

Course Content

The course begins with essential preparation and foundation skills:

- Introduction to study skills
- Health and safety briefing
- Introduction to bricklaying tools
- Introduction to different brick bonds
- Setting up the work area
- Laying bricks and blocks to a line

Course Structure

Week 1

Follow the five-day bricklaying curriculum and build confidence in core techniques.

Week 2

Develop your skills through more advanced techniques and additional practice, including:

- Building walls using different bonds
- Building brick piers
- More advanced blockwork
- Building openings for doors and windows

Assessment and Learning Support

Throughout the course, you will receive continuous assessment and tutor feedback. Course validation and supporting evidence will help you track your progress and achieve the best possible outcome.

What Is Included

- All tools and materials
- Hot and cold drinks during breaks

Clothing and Safety

Please wear suitable clothing. For your safety, you must provide and wear your own safety footwear.

Flexible Training

We aim to accommodate individual requirements wherever possible. If your training is interrupted, you can resume the course within an agreed timeframe.

Our practical, supportive approach is designed to strengthen your skills, confidence and employability prospects.
